### Get Active this Winter

Best Sports opened its doors in 2014 and stocks a wide range of sports equipment and clothing including tennis, squash, hockey, rugby, running and swimming as well as a great selection of sports clothing and the very popular 'On' running shoes. On's patented CloudTec® technology is engineered to deliver a soft landing followed by an explosive take-off. The result? An unbelievably light running sensation. And no compromise on

cushioning and impact protection. In other words, running on clouds.

In 2019 Best Sports introduced the Italian walking boot company Grisport, the boots are made from genuine waxed leather with an added waterproof membrane and the well proven Vibram sole.

### The "mini Liberty" of the East Midlands

Meanwhile Destination jewellery boutique Last Night I Dreamt has curated a family of fabulous world renowned designers. Home to Alex Monroe, Astley Clarke and Daniella Draper to name but a few. Opened in 2001, Body & Soul Holistic Therapy Clinic offers a wide range of natural therapies including Aromatherapy Massage, Remedial Massage, Hot Stone Fusion and Indian Head Massages, Reflexology, Reiki, Counselling and Hypnotherapy.

Also on offer are Aromatic facial treatments using the wonderful Neal's Yard Organic range.

At Body and Soul we feel passionate about the health benefits of deep relaxation. Our natural holistic therapies aim to help release tensions that can get "locked in" due to modern day life.

Whether you are getting lower back/ shoulder and neck tension due to long hours sat at a desk or physical/ psychological issues due to high levels of stress, our relaxing, balancing therapies can help.

Our holistic massages aim to release tension from those areas where we often hold it. Incorporating the use of warm volcanic stones you can literally feel the tension melt away! With vouchers available, why not treat yourself or someone you care about to the precious gift of relaxation.

### Vintage to Modern Classics

The Bull Yard Gallery has been promoting local arts and crafts for almost 20 years and is heavily involved in organising Southwell's world-famous Bramley Apple Festival, which takes place each year at the end of October. Its sister shop in Harman's Walk specialises in fashion and textiles from all around the world, as well as locally crafted hand-knitted scarves and jewellery.

### Best Shop Awards

We are delighted that due to our wonderful support locally we have become a noted national retailer for our dedication to breast care awareness and customer service. With customers

from all over the country we strive to offer the best brands and service we possibly can and look forward to another fantastic year ahead. Brands stocked include Wacoal, Miraclesuit, Corin and Empreinte to name a few as well as a great selection of wire free bras - perfect for teenagers too.
